

Sustainable LED Lighting Solutions...

DATA SHEET.

HIGH OUTPUT 14 WATT PAR 30 LED

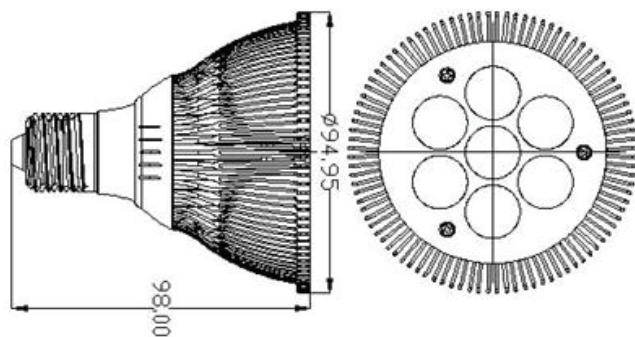

MODEL # - E-PAR30/H0/7X2W

Edision based

Covered under a 2 year warranty.

SPECIFICATIONS.

BASE :	E26
DIODES :	7x2 W CREE™ XRE
POWER CONSUMPTION (W) :	14 W
AVAILABLE COLOURS ...	
CCT (K) - COOL :	6000° K
CCT (K) - WARM :	3000° K
LUMEN OUTPUT (lm) - COOL :	960 lm @ 6000° K
LUMEN OUTPUT (lm) - WARM :	770 lm @ 3000° K
CRI :	>85
BEAM ANGLE :	45°
OPERATING VOLTAGE (V) :	110 - 240VAC
L70 RATED LIFESPAN (hrs) :	50,000 Hours
IP RATING :	IP54 - Indoor Only
THERMAL MATERIAL :	Die Cast Aluminum
WARRANTY :	2 Years

- Replace up to a 75 - 100 Watt PAR 30 Halogen.
- Unique anodized die cast aluminum multi-fin thermal management keeps the bulb cool increasing longevity and reducing the need for ventilation.
- Patented light distribution technique ensures wide spread light beam resulting in maximum area coverage.
- Solid state circuitry ensures reliable operation for upwards of 50,000 hours.
- State of the art CREE™ diodes are over 90% more energy efficient than halogens.
- Contains no mercury, emits no UV or IR radiation, no special disposal requirements.
